

DEXXDEF ARMORED VEHICLES

When it comes to the production and export of high-quality, cost-effective products to international markets, DEXXDEF is recognized as one of the leading and most respected manufacturers. DEXXDEF is a multi-faceted armored vehicle supplier dedicated to making the world a safer place by combining advanced engineering and design with top-quality sourced materials and expertise, delivering safe and luxurious vehicles internationally. DEXXDEF has since become a world-class manufacturer of armored vehicles and armored personnel carriers.

OUR FACILITIES

The company operates in an impressive 157,000 square meter facility and boasts state-of-the-art production lines that manufacture armored vehicles with the highest craftsmanship, quality, and attention to detail.

The facility includes four workshops and laser cutting machines, supporting an innovative environment.

The laser cutting facility enables DEXXDEF to produce customized vehicles to meet the specific requirements of its customers.

DEXXDEF has its in-house bullet resistant glass manufacturing facility, offering both flat and curved glass for commercial vehicles and APC's. DEXXDEF are producers of ballistic doors and windows for commercial use i.e, Embassy's, banks, private residences etc. Installations are carried out meticulously, maintaining a non-invasive appearance.

PROUDLY “MADE IN UAE”

DEXXDEF Armored Vehicles is proud to be a company that showcases the region's capabilities and its vision for a safer future.

We are more than just a company that produces high-quality armored vehicles and bulletproof cars; DEXXDEF is a symbol of excellence and continuous innovation in the global industry.

Technology & Innovation

The company utilizes pioneering technology to design and produce secure and luxurious transport solutions for the various sectors. DEXXDEF Armored Vehicles acquires state-of-the-art machinery, composite materials and sub systems to ensure the highest standards of protection and comfort. In addition, the company monitors the latest threat levels and invests in ongoing research and development to continue creating innovative products that meet the ever changing danger and specific needs of its clientele worldwide.
